Flower Garden Quilt Fabric List

This fabric list is for the quilt layout shown on the next page. You can make larger quilts by adding more blocks. All yardages listed refer to 44" wide fabric. All fabric should be pre-shrunk, ironed, and starched for best results. If the fabric you choose will shrink, please buy extra. If you plan to make coordinating projects, please buy extra fabric. Appliqué fabric has not been included. (I used coordinating fat quarters for the appliques.)
